Larry,

It seems that an examiner from another tech center has accidentally used the above application no. to file an OA for a totally unrelated application.

The cover page of 4/1/09 is correct, but the OA is incorrect. The applicant reported the discrepancy yesterday and she said she already contacted the examiner from 1796.

I will vacate the OA of 4/1/09 and prepare an OA in response to the outstanding Response of 2/17/09.

Thanks,
Lynn
